

Chapter 15 Vocabulary

- |                          |                                   |                          |
|--------------------------|-----------------------------------|--------------------------|
| 1. energy                | 2. work                           | 3. kinetic energy        |
| 4. potential energy      | 5. mechanical energy              | 6. thermal energy        |
| 7. chemical energy       | 8. electromagnetic energy         | 9. electrical energy     |
| 10. nuclear energy       | 11. law of conservation of energy | 12. energy conservations |
| 13. renewable energy     | 14. nonrenewable energy           | 15. biomass energy       |
| 16. hydroelectric energy | 17. geothermal energy             |                          |

Chapter 15 Vocabulary

- |                          |                                   |                          |
|--------------------------|-----------------------------------|--------------------------|
| 1. energy                | 2. work                           | 3. kinetic energy        |
| 4. potential energy      | 5. mechanical energy              | 6. thermal energy        |
| 7. chemical energy       | 8. electromagnetic energy         | 9. electrical energy     |
| 10. nuclear energy       | 11. law of conservation of energy | 12. energy conservations |
| 13. renewable energy     | 14. nonrenewable energy           | 15. biomass energy       |
| 16. hydroelectric energy | 17. geothermal energy             |                          |

Chapter 15 Vocabulary

- |                          |                                   |                          |
|--------------------------|-----------------------------------|--------------------------|
| 1. energy                | 2. work                           | 3. kinetic energy        |
| 4. potential energy      | 5. mechanical energy              | 6. thermal energy        |
| 7. chemical energy       | 8. electromagnetic energy         | 9. electrical energy     |
| 10. nuclear energy       | 11. law of conservation of energy | 12. energy conservations |
| 13. renewable energy     | 14. nonrenewable energy           | 15. biomass energy       |
| 16. hydroelectric energy | 17. geothermal energy             |                          |
